## PROFILE

As a recent Master's graduate in Computer Science, I am deeply passionate about web development. With expertise in programming languages, database management, and front-end technologies, including HTML, CSS, JavaScript, and React.js, I specialize in crafting responsive and high-performance web applications. Committed to ongoing learning and collaboration, I am eager to contribute to innovative projects in the dynamic field of web development.

I am also open to exploring other front-end technologies and expanding my skill set further. I am committed to continuous learning and growth, and I am eager to contribute my expertise to innovative projects and collaborate with like-minded professionals in the dynamic field of web development.

## OBJECTIVE

I am now seeking opportunities to apply my knowledge and creativity in a professional setting, where I can contribute to innovative solutions and grow within the dynamic world of computer science.

## EXPERIENCE

☐ Fresher

## Academic Background

<u>Qualifications</u>	<u>Board/University</u>	<u>Year</u>	<u>Percent/CGPA</u>

## EXPERIENCE

- Internship – at ALP (for 3 months) About data administration

During my internship at Alp Consultancy as a Database Administrator, I gained valuable hands-on experience in managing and optimizing databases to support the company's operations. Working closely with the IT team, I was responsible for database maintenance, performance tuning, and ensuring data security protocols were implemented effectively.

My internship experience at Alp Consultancy provided me with a solid foundation in database administration and enhanced my problem-solving abilities in a professional setting.

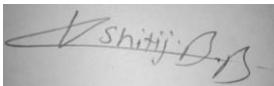

## Personal Profiles
